

## GLOSSARY

### GLOSSARY OF TERMS USED IN THE HEIDA TOOL LIST OF INDICATORS

The HEIDA tool presents you with a list of **5 internationalisation goals** (see list below) and [489 internationalisation indicators](#).

These goals and indicators were developed by the **IMPI Project (Indicators for Mapping and Profiling Internationalisation)**, <http://www.impi-project.eu/> in 2010-2011. The project was also funded by the European Commission as part of the Lifelong Learning Programme.

**When using the HEIDA tool you can use the [IMPI Glossary of Terms](#) to understand the definition of specific terms you might not be familiar with.**

Other useful Glossaries of key or commonly used terms in internationalisation of higher education that you can also consult when using the HEIDA tool include:

- The International Association of Universities (IAU) internationalisation glossary <http://www.iau-aiu.net/content/glossary>
- Harvey, L., 2004-16, Analytic Quality Glossary, Quality Research International, <http://www.qualityresearchinternational.com/glossary/>
- The Forum on Education Abroad Glossary <https://forumea.org/resources/glossary/>
- EducationUSA international education glossary <https://educationusa.state.gov/glossary>

The International Medical School 2020 Project (IMS 2020), IMS Label Handbook, IMS Glossary <http://www.ims-2020.eu/downloads/Glossary.pdf>
